# Gigabyte per Mile

- Soon Every Mile of Road will Generate a Gigabyte of data a day
  - Road Sensors, Real-Time Traffic Data, Weather Information, Toll Data, Car Black Boxes
- It is assumed that this will become a gigabyte an hour. As there are 3.5 million miles of highways in the U.S. that would be 3.3 petabytes of data per hour, or 28 exabytes per year.

Rich Girl

Na, na, na, na, na, na, na, na, na, na, na, na, na  
Na, na, na, na, na, na, na, na, na, na, na, na, na  
[2x]

If I was a rich girl (na, na....)  
See, I'd have all the money in the world, if I was a wealthy girl  
No man could test me, impress me, my cash flow would never ever end  
Cause I'd have all the money in the world, if I was a wealthy girl

Think what that money could bring  
I'd buy everything  
Clean out Vivienne Westwood  
In my Galliano gown  
No, wouldn't just have one hood  
A Hollywood mansion if I could  
Please book me first-class to my fancy house in London town

All the riches baby, won't mean anything  
All the riches baby, won't bring what your love can bring  
All the riches baby, won't mean anything  
Don't need no other baby  
Your lovin' is better than gold, and I know

If I was rich girl (na, na...)  
See, I'd have all the money in the world, if I was a wealthy girl  
No man could test me, impress me, my cash flow would never ever end  
Cause I'd have all the money in the world, if I was a wealthy girl

I'd get me four Harajuku girls to (uh huh)  
Inspire me and they'd come to my rescue  
I'd dress them wicked, I'd give them names (yeah)  
Love, Angel, Music, Baby  
Hurry up and come and save me

All the riches baby, won't mean anything  
All the riches baby, won't bring what your love can bring  
All the riches baby, won't mean anything  
Don't need no other baby  
Your lovin' is better than gold, and I know

[Eve]  
Come together all over the world  
From the hoods of Japan, Harajuku girls  
What, it's all love  
What, give it up  
What (shouldn't matter 4x) what
